

PURCHASING POLICY

Our aim is to make the registration and purchasing process as easy and efficient as possible to minimise the burden of administration for both the member and the club.

Payment Methods

Payments for session fees, club kit and merchandise will be made by way of a Direct Debit. Session fees are setup as a recurring monthly payment for the duration that you are a member at the club. All other purchases are **one off** payments using the direct debit you have setup on the system.

The secure online Direct Debit specialist that we use to collect payments is [GoCardless](#)

We do not accept cash or cheque payment for any services or products

Payment Confirmation

For all purchases made you will receive confirmation of purchase along with a payment receipt.

For the recurring monthly payments for session fees, you will automatically receive a payment receipt on the 1st of every month when payment is requested from your bank.
